Simran White

Hi, my name is Simran, and I want to learn technical skills from you, especially HTML, CSS, and JavaScript. I've heard great things about your teaching methods. I am eager to improve my skills and apply them in practical projects.

Hi Simran, thank you for your kind words and appreciation. I would love to help you . It sounds like a great opportunity for both of us. I've also heard that you're good at cooking, and I'd love to learn some cooking skills from you in return.

Thank you, and see you today!

See you today, Bye

Can we meet tomorrow?
