Introduction to Project Teams and Technical Communications for Software Development – MGMT1103: Say Hello!

INSTRUCTIONS

In this assignment, we ask you to create a one-minute video starring -- you! Think of it as a video introduction to your classmates and instructor. Feel free to follow the outline below or to be as creative as you wish. You don't need to do any video editing or post-production, but do make sure the video is well lit and focused, and the audio is clear. Your video will not be published online. Aim for 45 to 60 seconds in length.

When you are done recording the video, post it in the appropriate MS Teams Channel so your classmates can get to know you better! After that, place it in the assignment Dropbox.

IDEAS

Here are some sample questions you could answer in your video (or choose your own):

1. What is your first name? (remember to say it slowly and clearly)
2. Where are you from?
3. What made you choose this program at Bow Valley College?
4. What is your favorite place in the world to visit, and why?
5. What do you like to do when you are not studying or working?
6. What special superpower would you like to have, and why?
7. If you are an international student, what was your first thought after arriving in Canada?
8. What languages do you speak?
9. Do you play any musical instruments?
10. Do you play any team sports?

DETAILS
Assignment Type: Individual
Format: Video file
Original Work: Required
Submission: Say Hello Dropbox Say Hello (Video)
Due Date: Start of next lecture class
Length: One minute
Assessment: 100% if submitted on time (content is not graded)
